

Your Restaurant. One Blink Away.

The restaurant operating system for Indian owners, managers and kitchen teams — orders, menu, tables, staff and payments in one app that keeps up with a Friday-night rush.

Blink Coral

Design system

Token names map 1:1 to a Flutter **ThemeExtension** (BrColors, BrText, BrSpace). Base grid 4 px · touch targets ≥ 48 px · status never relies on colour alone.

Colour

Coral 500 is for brand surfaces and charts. Buttons and links use Coral 600, which passes 4.5:1 with white.

States • loading, empty, error, offline

Every list screen ships with these four. Copy says what happened and what to do next; nothing blames the user.

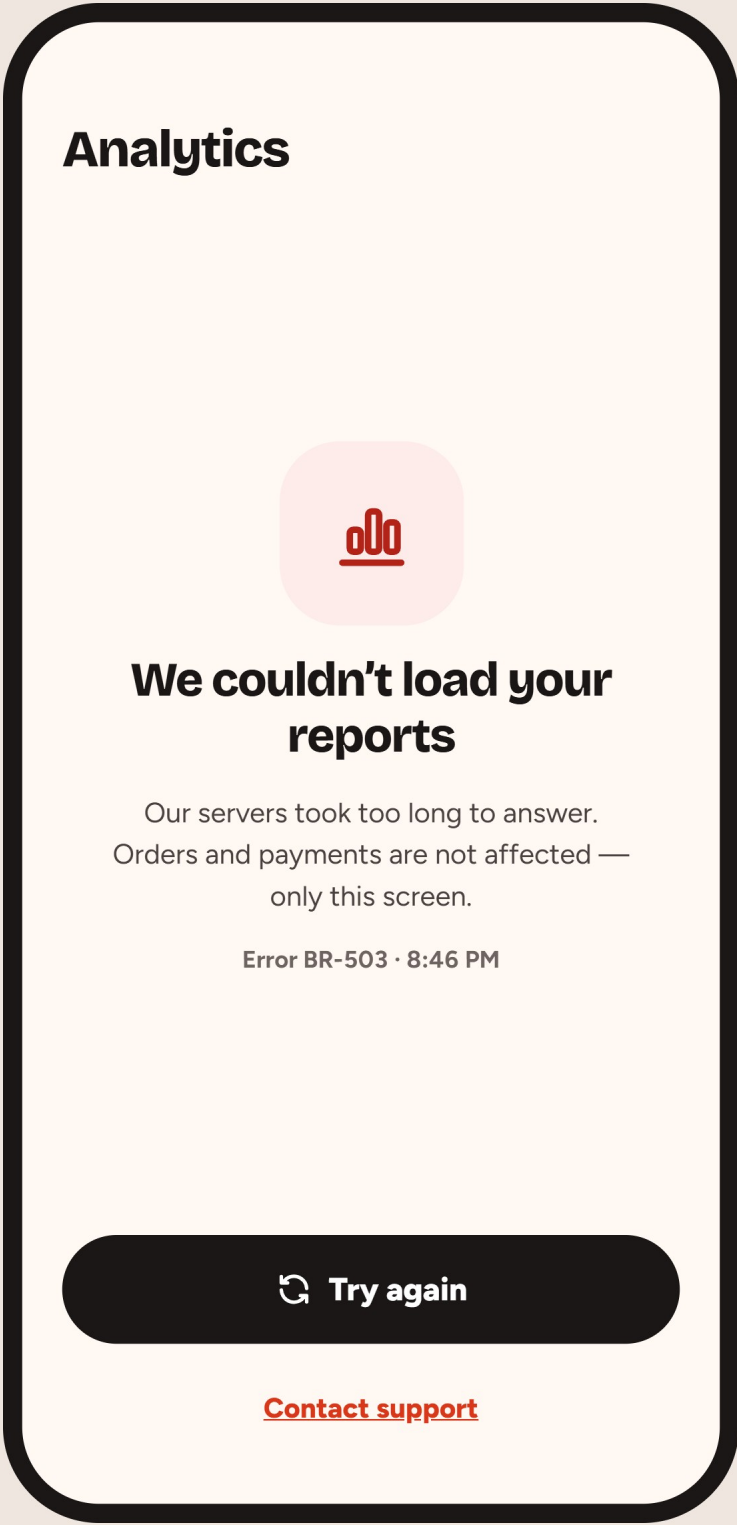

01 • Loading — skeletons match the real card

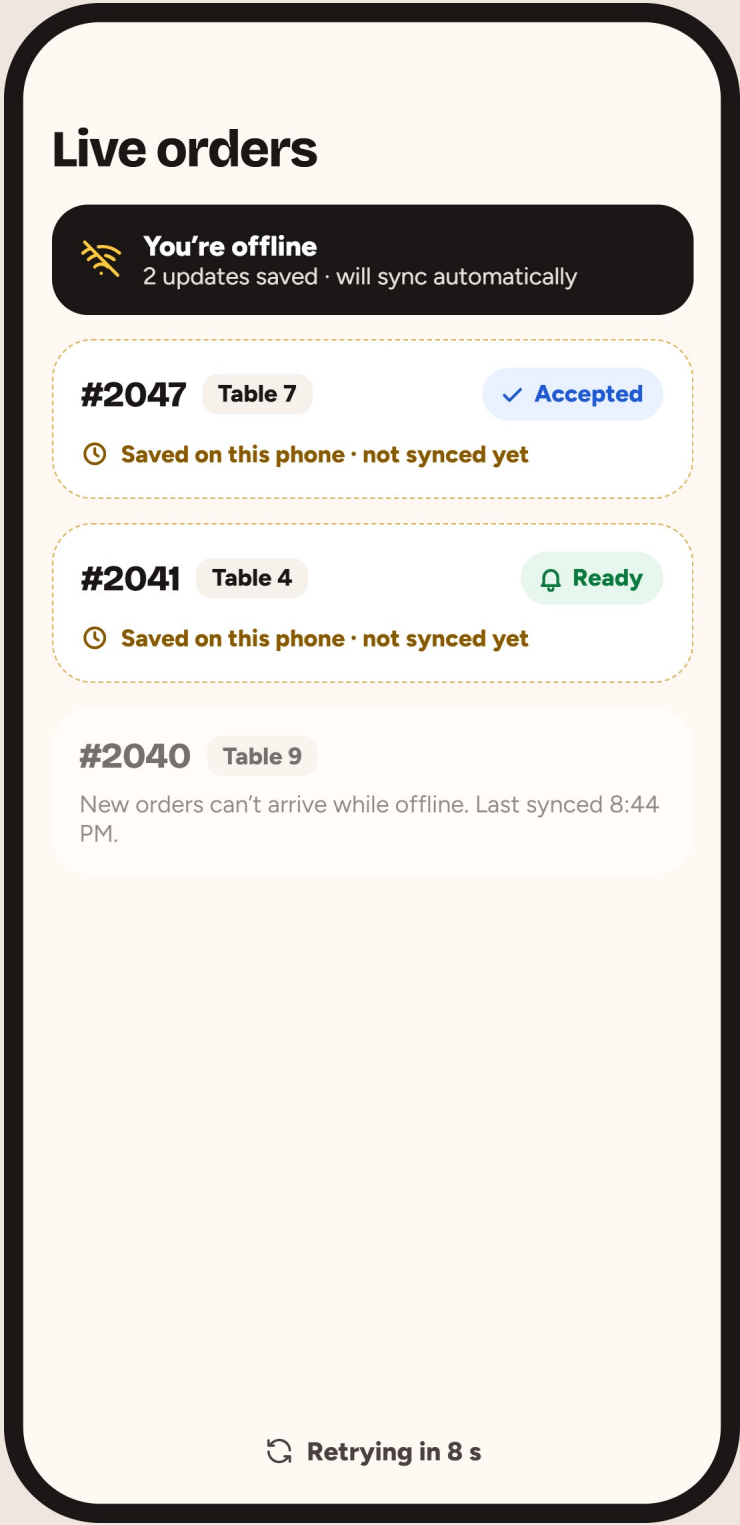

02 • Empty — first-run menu

03 • Error — reports failed to load

04 • Offline — keep working, sync later

States · confirm, sheets, feedback, validation

Sensitive actions always confirm with the consequence spelled out. Routine actions get an undo instead of a dialog.

05 · Confirmation dialog — revoke access

Staff
