

Terms of Service, Privacy Policy & Data Processing Outline

InfusioTech Restaurant Ordering SaaS | Version 1.0 | 2 October 2026

Purpose

A structured drafting brief, not a legally approved contract. Obtain review from qualified Indian legal counsel before use.

Terms of Service Topics

- Parties and definitions; service description; account eligibility and authority; subscriptions, billing, renewal, taxes and plan limits; acceptable use; customer and restaurant responsibilities; third-party services; availability and maintenance; support; suspension/termination; cancellation/refunds; intellectual property; warranties/disclaimers; liability limits; indemnities; dispute resolution, governing law and notices.

Privacy Notice Topics

- Categories of data collected from restaurant owners, staff and customers; purposes and lawful basis/consent where applicable; payment-provider data boundaries; cookies/logs; sharing with processors; retention and deletion; access/correction/grievance process; security practices; children's data handling; cross-border processing if any; contact details and policy update process.

Data Processing Schedule

- Define restaurant/customer roles and InfusioTech's processing role per data flow with counsel; documented instructions; confidentiality; technical/organizational measures; subprocessors; breach notification workflow; assistance with data requests; deletion/return at termination; audit cooperation.

Product Policy Decisions

- Data controller/processor allocation; retention periods; customer data export; account closure; inactive tenant treatment; payment records; marketing consent; support access; backups deletion windows; breach response contact and timelines.

Review Checklist

- Validate applicable Indian privacy, consumer, e-commerce, tax and payment requirements with counsel; align public statements with actual product behavior; maintain version history and acceptance records.
